

RAILWAY TRAFFIC NEAR LEVEL OF HIGH RECORDS

President Rea of "Pensev"
System Tells of Difficulties
of Operation.

NEW YORK, Dec. 26.—Railroad traffic in the United States is near to the level of high records, and congestion has created a serious situation, according to Samuel Rea, president of the Pennsylvania system, who made public a New Year statement today.

"The railroads of the United States, at the close of an eventful year, face an array of unusual and in some respects, unprecedented difficulties," he said.

"It is important that the facts of the situation be thoroughly grasped by shippers, travelers and the public generally.

"Since the latter part of 1921 there has been a reversal of business conditions in America, and with all the hard knocks it is a change for the better. From extreme dullness we have rapidly advanced to a point where railroad traffic is close to record levels.

CAR SHORTAGE REDUCED.

"To handle that rush of traffic is more difficult now than during the war, when individual conveniences and advantages were patriotically sacrificed. Such congestion exists which I trust will be short-lived, and many emergency measures are being used to relieve the situation. That they are accomplishing results is indicated by the fact that the freight car shortage, though continuing to be serious, has been reduced in the last few weeks."

According to Rea, the immediate cause of congestion has been:

1—Resumption of coal mining

after the suspension of the

spring and summer.

2—The flood of general business,

partly to restore long existing

shortages due to the war and partly coming from revival in lines of

trade curtailed by the war.

CROPS BREAK RECORDS.

3—The enormous crops of the

present year which in many

cases break all previous records.

4—Inability of the railroads dur-

ing the depression in 1921 to

earn enough to maintain all cars

and engines.

5—The general railroad shopmen's

strike of last summer.

"You cannot dam the current of

millions of coal and crops and in-

ustrial output for months," Rea

added, "deal with the bad condition

of the railroads from federal

control and the poor earnings of

1921, and go through a shopmen's

strike and still expect transpor-

tation service to be satisfactory,

though railroad men are struggling

to make it so."

Heiress Relieved of Tax

ANNE REED, of New York City, has won a ruling in the Appellate Court, relieving her of paying \$750,000 transfer tax on \$5,000,000 which her father illegally willed and she has released to medical schools of Harvard, Columbia and Johns Hopkins.

San Jose Daylight Robbers Get \$2200

the combination of the safe in a daring robbery here early this morning at the depot of the Union Stage company netted \$2200, according to Chief of Police J. N. Black and Police Detective Ray Starbird, who are working on the case.

Two overcoats were hung over chairs to form a protecting screen from a number of taxicab drivers who were in the next room. Telephone wires had been cut by the robbers in order that no phone call might attract the attention of the men on the other side of the partition.

died on November 26, left his en-

tire estate to the widow, Mrs. Geor-

george A. Reed, 1391 Eighth street,

by the terms of a will dated De-

cember 31, 1915. The document

was filed today for probate. The

will left it to the widow to pro-

vide for Clarence M. Reed, a son,

now deceased, and a daughter, Mrs.

Mabel Alexander of Los Angeles.

The estate is valued at less than

\$10,000. Reed having died away

much or his property years ago.

**BROTHER'S ARRIVAL
CHANGES PLANS**

"Mother, I just saw Stella down
town and she said to tell you she is
coming right up to see you. Said
her brother from the East had
told he would be here New Year's
so she won't be over for dinner, as
she planned. She's coming to tell
you herself."

"My goodness, why can't she
bring her brother along? We've
heard so much about him, he seems
like one of the family."

"That's what I told her, and she
said it would bother her too much,
and make thirteen at the table, besides."

"Bother, nothing; and, besides,
the four kiddies won't eat at the
big table, anyway. I'm going to
the fireplace."

"Well, mother, if she does bring
that wonderful brother of hers I
am going to have a new dress.
That's absolutely necessary."

"It's pretty late to talk of dresses
now, daughter. You said you didn't
have much money left of your sal-
ary, anyway."

"I know it's late, but I just heard
about Cherry's, a wonderful last
minute place where you may buy
clothes on credit and have several
months to pay. I can get it that
way and I must have that dress."

SENATORS CLASH OVER APPOINTMENTS TO THE FEDERAL PLUMS

Johnson and Shortridge in
Conflict on Postal
Appointments.

WASHINGTON, Dec. 27. — Reports that there is a split between the two California senators over certain appointments were verified within the week when Senators Hiram Johnson and Samuel Shortridge sent in opposing recommendations for postmasterships at Redding and San Rafael.

In place of the customary joint recommendation each senator comes out on his own when dictating what each has given up, hope of reaching an understanding. For the Redding place Senator Johnson has recommended William Junkins while Senator Shortridge asks that C. C. McCray be given the place. McCray took an active interest in the Shortridge campaign in 1920. When Senator Johnson was governor McCray was in the Assembly, where he opposed some of the Johnson measures.

In San Rafael the Johnson candidate is Major George Alpers, formerly San Francisco supervisor, who recently became supervisor of Marin county, and the Shortridge is G. C. Olcott, former publisher, and an active worker in the campaign for Friend Richardson for governor. Both appointments would have been made long ago had it not been for the difference of opinion.

This disagreement brings to the mind of politicians the fact that the appointment of a United States furlough for California is not settled. Each of the senators is said to be holding out for his choice. Senator Johnson's Associate Justice of the Supreme Court, J. L. Lemon, appointed while Senator Shortridge is holding out for Superior Judge Thomas F. Graham. This division of opinion, also, is said to have obtained for a long time, with little chance of an agreement.

Week of Joy For
Orphan Children

Christmas Day was the climax to a week of celebration at the Fred Finch Home, 3670 Peralta Avenue. The program opened a week ago with a Christmas tree party given to the children by the Oakland Scots at their club room. At the close of the musical program, the children were presented with Christmas gifts.

Friday evening they were entertained at the auditorium by the United Commercial Travelers Club. Sunday morning the boys at the home were given a Christmas breakfast by the dormitory men of the Y. M. C. A. Some 96 children were invited into private homes to spend Christmas Day.

Style Arbiters Of San Quentin

DR. REID WILL BE DIVIDED THURSDAY DIVIDED THURSDAY

No bobbed hair for the women prisoners in San Quentin. Such is the edict of Mrs. Louise Peete, serving a life sentence for the murder of Jacob Denton in Los Angeles, and the acknowledged arbiter of fashion among the fifty-two women prisoners. Mrs. Peete has declared "bobbed hair" out of style and no longer in style. Prison dressing standards were set in an impromptu contest yesterday inspired by the presentation of ten curling iron and small mirrors to the female inmates of San Quentin by the Salvation Army. Word that the toilet accessories were to be distributed created a rush after Santa Claus. Mrs. Peete and Mrs. Virginia Clark, who shot and killed her husband a year ago in Oakland, where the first winners in the attack. The ten who received the coveted prizes in true Christmas spirit loaned their gifts to the 42 disappointed women. All received the small mirrors in their cells. Several arranged their hair in 20 or more styles before they were satisfied with the result.

As a special holiday concession, the women were permitted to lay aside their prison garb and to don civilian dress during the hour's parade which Christmas permits.

Christmas gifts were lavishly exchanged among the feminine prisoners, who in preparation for the season had finished many beautiful pieces of needlework. The Salvation Army and Volunteers of America were in charge of the holiday festivities. From a 20-foot tree there were distributed to each woman a box of stationery, pencils, a handkerchief and a half pound of candy.

The Christmas menu consisted of roast pork, mashed potatoes, apple sauce, celery, rice, spaghetti, coffee and fruit. The product was supplied from the prison farm.

KNIGHTS TEMPLAR NOTED SPEAKERS HOLD CEREMONIAL TO WORK FOR CITY YULE BREAKFAST MANAGER CHANGE

Five Hundred, Including Grand Officers, Attend Annual Festivity.

Oakland Commandery, No. 11, Knights Templar, held its Christmas ceremonial breakfast in its Auditorium in the Masonic Temple yesterday, with 500 members present, among them Right Eminent Sir R. W. Meek, Past Grand Commander, who inaugurated this ceremonial seventeen years ago while the presiding officer of Oakland Commandery. The affair was presided over by William A. Rogers, the recently inaugurated Commander of Oakland Commandery, supported by his own corps of officers and representatives of the Grand Commandery. Grand Commander W. H. Waste, a member of Oakland Commandery, was unable to be present, but sent a message.

The ceremony began with the reading by Commander Rogers of an address to the Grand Commander of the United States, and his reply thereto. This was followed by musical numbers and finally by the address for the morning by Rev. John Snape, pastor of the First Baptist church, who gave his sermon on the urge that the Christmas spirit be made to extend throughout the year and not be confined to one day.

Right Eminent Sir R. W. Meek told of the former Christmas ceremonial which occupied scarcely more than a few moments' time, and which he had extended into a Christmas breakfast for the full membership. This has now become a regular custom in California and in most parts of the United States. Eminent Sir Robert E. Gaylord brought the message from the Grand Commandery, and there were a few words from Eminent Sir Joseph F. Chandler and F. R. Hale.

The ceremonial breakfast was prepared by Robert Evans, a frater of the Commandery, who was in charge of the ceremonial the first breakfast almost twenty years ago. This unique ceremony in the first of the year to be held under the direction of the new officers of the Commandery headed by Commander William A. Rogers.

HAYS FIRED BY L.A. PASTORS FOR ARBUCKLE MOVE

Language So Bitter Committee Appointed to Tone Down Resolutions.

NEW YORK, Dec. 26.—Mixed cheers and hisses greeted the re-appearance of Fatty Arbuckle on the screen in a local house here today. Police were called when the people outside, the theater threatened to become unmanageable in their efforts to see the picture.

LOS ANGELES, Dec. 26.—Condemning the proposed return to the screen of Roscoe ("Fatty") Arbuckle and criticizing Will H. Hays, "boss" of moviedom, for reinstating the comedian in the films, the Ministerial Union of Los Angeles today adopted resolutions at meetings which opened their official fight against Arbuckle.

The language used in connection with resolutions was of such condemnatory nature that before the resolutions were adopted a motion was passed appointing a committee to "tone down" the so-called offensive language in the resolutions.

The union voted to blacklist every theater in Los Angeles that shows Fatty's films when they are released next autumn.

Rev. Daugherty, who presented the resolutions, branded Will H. Hays, movie adviser, as "a Moses who betrayed his people, and a false Christian."

Arbuckle was referred to as "one who performed the works of the devil in Bacchanalian self-indulgence, whose infamy makes him unfit to appear in any role of lead-ership."

Dr. Frank Dyer, pastor of Congregational church of the Ambassador hotel, came to Hays' defense.

He declared that the attacks on Hays made by Rev. Gustav Driegel and Rev. "Bob" Schuler were unwarranted.

It is understood that if the pastors attempt to carry out their black list scheme, the motion picture theater owners in Los Angeles may take legal action under the United States boycott laws.

LOS ANGELES, Dec. 26.—Rev. Billy Sunday, evangelist, thinks Roscoe ("Fatty") Arbuckle should have a chance to come back.

"I'm preacher of the gospel," said Rev. Sunday today, "and the gospel gives every fellow a chance."

IOWA CITY, Ia., Dec. 26.—Roscoe Arbuckle pictures will be barred from Iowa City moving picture houses, Mayor Emma Harvat has announced. She is the only woman mayor in the State.

NEW YORK, Dec. 26.—A protest against the re-appearance of Roscoe ("Fatty") Arbuckle in motion pictures was telegraphed today to Will H. Hays by Miss Woodall Chapman, chairman of the committee on motion pictures of the General Federation of Women's Clubs, with a membership of 2,500,000.

"The youth of our land must be protected from a revival of interest in the degrading details of historical and from continued discussion of immoral living associated therewith," the message said.

Stanford Chemist Heads U. S. Society

Dr. Edward G. Franklin, professor of organic chemistry at Leland Stanford University, has been elected president of the American chemical society. R. A. Noyes, Another California scientist, Dr. G. N. Lewis of the University of California, was elected councilor-at-large of the society.

The new president of the American chemical society is the author of a famous standard work on "Liquid Ammonia as an Electrolytic Solvent," which is familiar to all chemists. Dr. Franklin was chosen from among the four nominees who received the largest number of votes. The ballot was sent in by mail from the various members of the society.

Girl Restored By Surgeons Trust Learn to Walk

Latest photograph of MISS OPAL MCNAUGHTON, Tehama county school girl saved by surgical science following a tragedy in which fourteen students met death near Red Bluff.

Opal McNaughton, Survivor of Train-Auto Bus Crash, Leaves Hospital.

WOODLAND, Dec. 26.—Miss Opal McNaughton, sole survivor of the Proberta tragedy in which fourteen high school students of Tehama county met death on November 30, 1921, when the bus in which they were riding was run down by a Southern Pacific train, is spending her Christmas this year at the home of her parents, Mr. and Mrs. M. H. McNaughton, at Los Molinos.

She left Woodland last Friday afternoon and according to a message received here arrived at her home in best of form and ready to take up the tasks before her.

The girl came to the Woodland Sanitarium here April 2, 1922, and left her bed in the sanitarium for the first time November 17. During most of the interval she was hovering between life and death. She is now in possession of all her faculties, with the exception that she must learn to walk again.

Five operations were necessary here to reduce two fractures in each leg. The bones of both limbs had to be rebroken to be reset and straightened. Doctors now say she is a perfect specimen.

Before leaving Miss McNaughton said that she planned to enter the freshman class of the Red Bluff High school and that when she had completed her studies would enroll in the University of California and would make use of the life that had been spared by Providence and the painstaking care of the entire community.

She is appreciative to all, particularly expressed in a "Merry Christmas and Greetings" message received here yesterday by her friends and well-wishers.

YULE TREE FIRE CAUSES DEATH OF CHILDREN

BATTLE CREEK, Mich., Dec. 26.—Two children, William, 10 years old, and Barbara, 8, suffocated in their home here yesterday, shortly after the parents, Waynard Watts and Mrs. Watts had finished decorating their Christmas tree.

A fire broke out in the basement and spread rapidly through the first floor rooms. Watts dashed through smoke and flame and into the children's bedroom, but failing to find them there, ran from the burning house, leaving the little ones already dead.

When the flames were checked firemen found the bodies of the children in the bathroom, where they had gone to escape the smoke.

CONTRA COSTA'S ADVANCE SHOWN IN RAIL REPORT

Agricultural Development in Counties Is Subject of Annual Tabulation.

Vast strides in the agricultural development of Contra Costa and adjacent counties during the year just closing has been made the subject of the annual report of the traffic department of the San Francisco and Sacramento railroad to Walter Arstein, president of the road. The report shows that during the year a large number of grain and fruit warehouses have been constructed, hundreds of acres of fertile land have been planted to trees and field crops, other hundreds of acres will be coming into bearing during the new year, new roads have been built, a concerted survey of certain districts has been made by the University of California departments of soil technology, agronomy and farm management.

Some of the outstanding developments quoted in the report follow: "Grain warehouses have been built at Molena to take wheat and other grains in storage. They will take not less than 50,000 sacks of grain annually."

"A grain warehouse is projected to be built at Garfield that will accommodate 10,000 sacks of grain shipments."

"Fruit warehouses have been constructed this year at Orinda to care for pears and grapes at Meiners to care for grapes and dried fruits and at Alvarado to care for pears. Other fruit warehouses on our line are at McIntyre, Walnut Creek, Danville, Bancroft and Alamo and others to be erected in time to care for the 1922 crop are to be erected at Burton and Lafayette."

"Another site for a large warehouse has been purchased by an Eastern concern at Meiners to handle the grape crop of 1922, when an exceptionally heavy movement of grapes between here and New York is expected."

"Agricultural statistics have studied at different stations to assist in the conservation of freight shipments."

"During the season, 200 additional acres of asparagus and 125 acres of celery have been planted at Dosier station, and show a successful growth. Enough seed has been sown to furnish plants for 300 additional acres of asparagus. It is planned by the owners to eventually have 1,000 acres of asparagus and to increase the celery planting. These crops will nearly all move to Eastern markets. The asparagus will begin the production of heavy crops in the spring of 1923, the celery, which matures the same year as planted, should be ready for shipment the coming season. Asparagus has also been planted at Monte Zuma Slough in Solano county. Experimental planting has developed excellent returns and we are informed large acreages will be planted to the crop at this location."

New highways are being built and others are being improved from adjacent territory to stations on line. At Rio Vista Junction a new paved highway eastward nine miles to Rio Vista will connect with the highway to Sacramento. At Listeron, the highway into the Holton district, which has been in bad shape during the winter months, is being macadamized, and at River View preparations are being made to improve the highway into the Glendale district.

"Two big irrigation projects are being worked upon one near Saxon and Millar stations, and the other near Dozier, Gilroy and Norris stations. The combined acreage potentially affected by these projects is 70,000 acres."

"Both are in the East, working where the story is being told."

"She has had important roles in many pictures directed by Dwan and their romance is said to be well known to their intimate friends. It is said to have extended over a period of several months, and comedies say Miss Thurnam has given expression to her feelings in no uncertain terms."

"Should the story be founded in fact and the two wed, it would be the second matrimonial venture for each of them."

Victor E. Thurman, son of Supreme Court Justice S. R. Thurman of Utah, filed suit against Mary Thurnam, asking for a divorce December 1, 1919, in that state.

Dwan's first wife, Miss Pauline Bush, sued for divorce October 24, 1919, at Reno, Nev. She accused him of cruel and inhuman treatment, declared that he ruined her stage career and forced her to enter a hospital in New York in order to regain her health. She alleged that he was receiving \$15,000 a week as a director and asked alimony of \$500 a week.

Miss Thurnam recently came into the limelight when she and May Collins, whose name was linked with that of Charles Chaplin as a prospective bride for many months, were sued for \$17,000 by W. S. Barrows, the landlord of the Hollywood apartment where they were living. He charged

they had fixed it at \$10,000 after she had exhibited a damaged late evening.

City Offers New First Aid Courses

New courses in first aid and home care of the sick will be organized next week in room 228, Technical high school, under the joint auspices of the board of education and Oakland chapter, American Red Cross. Upon successful completion of the courses, certificates will be given to graduates. Lectures, demonstration and practice work are combined in the intensive work which is conducted by local physicians and registered nurses.

Autos Collide Near Livermore; Girl Hurt

LIVERMORE, Dec. 26.—An automobile driven by Harry Winegar of Livermore collided with another driven by C. A. Brodler of Grimes, Contra Costa county, on the highway north of the Western Pacific tracks, about 6 o'clock last night. Passengers only one, Brodler's 12-year-old daughter, Pearl, was injured. She received bad cuts about the face and a broken nose from the broken windshield.

Brodler was bringing his family to Livermore for the purpose of spending Christmas with his wife's parents, Mr. and Mrs. James Elliott. The little girl was rushed to Mrs. Elliott's hospital and Dr. W. L. Meyers attended her.

SHIPPING BILL AMENDMENTS TO BE OPPOSED

Rural Credit Measures Will Be Acted On in Senate Before Subsidy.

WASHINGTON, Dec. 26.—Administration leaders in the Senate, although generally favorable toward abrogation of the score of commercial treaties held to impose restrictions upon American shipping, indicated today that they would oppose the two shipping bill amendments proposed by Senator McKellar, Democrat, Tennessee, to bring about denunciation of the parts by direct action of congress.

Senator Jones, Republican, Washington, who is in charge of the shipping bill, recalled his recent declaration in the Senate that the administration of the shipping bill will be abrogated by the Senate.

The dinner was pronounced

by the guests to be worthy of the occasion, and included every known Christmas dish, with plenty of turkey, cranberry sauce, pumpkin pie, oyster soup, and other delicacies.

A veteran expressed it: "This was the way mother made it."

Fifty-eight overseas men occupied the first table. The second table was spread for thirty-three service men who had not been overseas, and for fifteen veterans of the Spanish-American war. A third table was for "all who are hungry." In all 131 dinners were served.

Following the dinner smokes were distributed, and the War Mothers presented the service men with Christmas presents in the form of six dozen pairs of socks. Brief addresses were made by Mrs. Celia Waterhouse, representing the War Mothers.

Harry A. Nelson, adjutant of Post No. 5 of the American Legion, and by vice-commander Edward of the American Legion post.

The American Legion and the Rotary club each contributed \$25 to the affair.

Ex-Service Men Entertained at Yuletide Dinner

Veterans Given Cheer By War Mothers, Rotary Club and Legion Post.

Under the auspices of the War Mothers, the Rotary club and American Legion Post No. 5 more than one hundred ex-service men were entertained yesterday at a Christmas dinner given at the municipal woodyard, 222 Eighth Street. Superintendent W. S. Goodrich had charge of the arrangements, and the dinner was served by the wood-yard staff.

The dinner was pronounced by the guests to be worthy of the occasion, and included every known Christmas dish, with plenty of turkey, cranberry sauce, pumpkin pie, oyster soup, and other delicacies.

Alta Mira to Be Hostess To Federation

By EDNA B. KIRKARD.

Alta Mira club will be hostess at the spring meeting of the Alameda Federation of Women's Clubs, according to the executive plans now being considered by the club-women. Early next month Mrs. L. R. Rosenberg of Hayward, president of the board, which is directing the activities of the county group, will call an executive session when definite arrangements will be made for the general conference.

The San Leandro club-women have chosen to extend their invitation to the larger body in the early February because of the beauty of the suburban city. Its gardens abloom with the early flowers. The first Monday of the month will probably be the date for the all-day session.

Mrs. L. A. Beebe of Los Angeles, vice-chairman of the department of social and industrial relations, will pass this way in the spring en route from Washington, D. C. after attendance upon the executive board meeting of the General Federation of Women's Clubs and the Conference of Women in Industry called by the Secretary of Labor. Mrs. Beebe will be invited to be the principal speaker before the county club-women.

Women in industry are afforded keen interest to the organized groups of the country. Special studies are being directed to the entire economic movement, but more particularly to that phase having to do with the feminine worker, by the federation of clubs throughout the United States.

Mrs. George A. Rigg, president of Alameda district, California Federation of Women's Clubs, and Mrs. L. H. Rosenberg, president of Alameda County Federation of Women's Clubs, will share in the honors of the January luncheon, which will be a notable function of Wednesday, the 17th, in the Menlo-terrace avenue clubhouse. Mrs. Ray E. Danford will preside as chairman of the day.

Wednesday will be given over to the study sections assembling the various groups at interesting programs. Beginning at 10:30 a. m. when the book reviewers meet under the leadership of Mrs. Hugh Hagan, until 3:30 p. m. when the women particularly interested in civics launch a discussion of local officials under the chairmanship of Mrs. Bessie Wood Gustason, the day will be a busy one.

The first group to meet in the afternoon will give attention to topics in parliamentary law. Mrs. O. P. Cole, chairman. The class is announced for 1:30 p. m. Mrs.

Ellis Miller, leader in the current events and public speaking section, has arranged an hour of unusual interest, beginning at 2:30 p. m. *******

A prize fox trot and old-fashioned dances will be featured at the community party for which the Frick Parent-Teacher Association is making elaborate plans for Saturday evening. Young and old are being pressed to participate in the neighborhood gathering, which is designed to create a friendliness among the residents of the Frick school district while raising the members' club treasury when clubs after so many phases of child welfare. *******

Appreciation of the action of Governor William D. Stuckey in re-appointing Mrs. Katherine Phillips Edson a member of the state industrial commission has been expressed by the executive board of the California Federation of Women's Clubs. The resolution was adopted as a means of expressing confidence in Mrs. Edson and her work on the industrial commission. Mrs. Edson has been prominently identified with the California Federation of Women's Clubs for many years.

CHRISTMAS SHOW GIVES CENTURY'S FANS BIG LAUGH

MOROSCO SUCCESS DRAWS CROWD AT RETURN SHOWING

Jackie Brunea Stops Performance with Song Number; Russell Excels.

Frequently a singer's magnetic personality or a catchy tune may be responsible for retarding the action of a musical show, a sort of *hesitation* in the general routine, but it is so seldom that the action of the offering is actually stopped that more than passing mention must be given the event.

Last night at the Century the stars, the stars packed into the theater in playboy fashion, applauded the efforts of Jackie Brunea to the echo and demanded so many encores that Walter Spencer, leading man of the Jack Russell company, was forced to step to the footlights and make a demand for peace and quiet in order that "Merry Christmas" might continue.

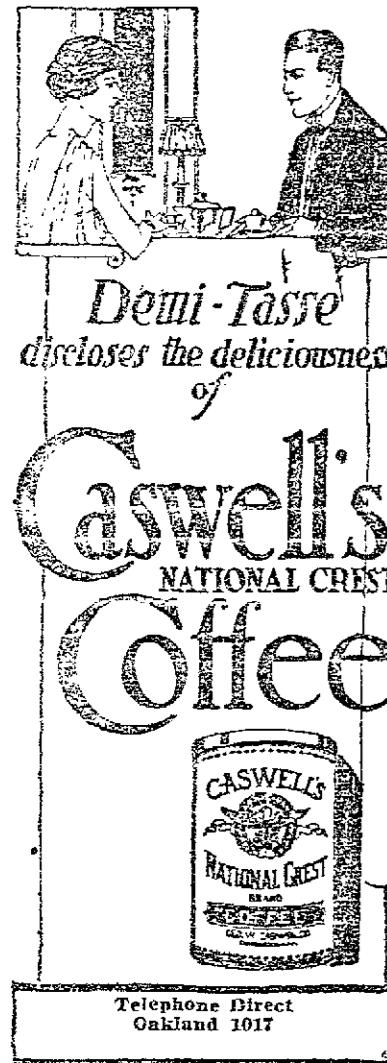

"Merry Christmas" is one of the greatest laughing shows presented for many weeks by Russell and his company, and it is notable for several things in addition to the rugged and likeless chorus work which marred the majority of the vocal numbers and the inadequate work of a pseudo-quartet.

First of all there was the comedy work of Russell as a "boob" assisted in abit fashion by Walter Spencer and Florence Spurrier. Then there was a splendid caricature presented by Arthur Van Sickle, who makes a small part something of a comic through sheer force of acting. Finally there was the general atmosphere of fun and melody that dominated the piece.

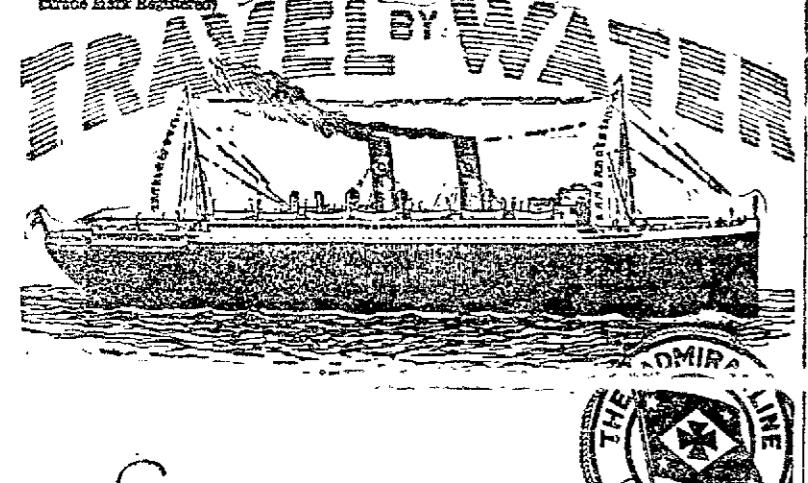

"Merry Christmas" is great fun and was a prime favorite with the regulars.—W. S.

Driest Christmas S. F. Has Known

SAN FRANCISCO, Dec. 25.—San Francisco's Christmas, as far as violations of the prohibition law were concerned, exceeded the wildest hopes of the "drys." It was the driest Christmas the city has ever known and fewer arrests were made for intoxication than ever before.

WOMAN SLAYER KEPT LONE VIGIL ON VICTIM'S BODY

Divorcee Confesses to Police
Shooting Jealous Suitor
Following Quarrel.

LOUISVILLE, Dec. 16.—A woman's story of a quarrel, a shot and her vigil from dusk to dawn over the body of the man she killed was being checked up by police department investigators here today. "I killed my friend," Mr. Olive L. Jones, 32-year-old divorcee, announced when she entered police headquarters just after 6 o'clock. She was hysterical.

This was the first intimation officials had that O. L. Litch, sales manager for a Louisville automobile company, had been killed late Sunday afternoon in Mrs. Jones' apartment. Mrs. Jones said she fired in self defense. Black, according to her, was not of the tragedy, became angry when he learned her daughter, Celia, 17, was with her and that her divorced husband, C. H. Jones, of Cincinnati, a Louisville and Nashville baggage master, was to visit his daughter. Black feared, Mrs. Jones declared, that a reconciliation would be effected through the visits of the father with Celia.

SOUSES TO BE PHOTOGRAPHED AS NEW "CURE"

DES MOINES, Ia., Dec. 25.—John B. Hammond, chief of police, announced today that every drunken man who is brought into police headquarters will have his picture taken.

When the offender has become sober again he will be presented with a picture of himself so that he may know how he looked when taken to the jail. Hammond hopes this "picture cure" will be a potent weapon against drunkenness.

Eighty intoxicated men spent Christmas eve in the city jail.

THE SILK INDUSTRY.

An industry which will come to San Francisco Bay sooner or later is that of silk manufacturing. In a small way it is here already. There is every argument for its establishment in proportions to make of this section the silk manufacturing center of the United States.

It is an old story to shippers and those whose business it is to notice the arrival and departure of freight, that of the ships unloading the raw silks at the Oakland wharves that it may be shipped in guarded cars, armored like strong-boxes, across the continent to the East. In a few weeks some of that same silk, made up into garments or bolts, comes back here and is sold to Californians. It has added to its cost the freight rates across the country and back.

Recently it was pointed out another requisite of silk manufacturing is a humid climate, one with a 12 per cent moisture in the air. To maintain this humidity the Eastern plants have installed apparatus which can only add to the costs of production. On San Francisco Bay, as the plant operating in San Francisco has proved, the conditions are ideal.

Around the bay there are already established cotton mills and knitting mills. The addition of the silk manufacturing industry on a large scale would add to the wealth of the state and add to its list of activities one of unusual color and appeal.

LAW AND LIGHTS.

Enough motorists are violating the laws concerning lights as to make driving on the highways at night dangerous. There will be few to dispute the assertion which is given weight with the explanation it comes from Harry E. Wilson, President of the California Association of Highway Patrolmen. Defective lights which are either too glaring or too dim are blamed for the condition.

The great majority of drivers, those who exercise care in keeping their lights in good order, will agree there is need for the giving of support to the highway patrolmen in the campaign against defective lights. There are many who are ignorant or careless of the regulations requiring the spotlight should not exceed four candle power and should be fastened to the windshield. All of these spotlights should be so constructed or arranged that no portion of the main, parallel beam of light measured one hundred feet or more ahead of the lights shall rise 42 inches above the ground in front of the automobile.

There is no one who drives at night who is not aware of the menace in improperly adjusted lights. On the mountain grades this menace is greater.

PASTEUR.

It is said the history of medicine has been divided into two eras: before Pasteur and after Pasteur. He is regarded as the founder of bacteriological science.

Pasteur discovered that when a bottle of milk turns sour it is due to a tiny organism which is called a ferment. If the milk is kept in an air tight container so the organisms in the air cannot get at it the milk will remain sweet. That is the beginning of the story of what he did for medicine and mankind—the discovery of the process of fermentation.

Out of this came the germ theory, a theory no older than the Civil War, for it was in 1865 that Lord Lister used carbolic acid to prevent putrefaction. Pasteur studied various diseases and came to the conclusion that all infectious diseases came from specific forms of germ life and that those germs when identified under the microscope would give a diagnosis of the patient's malady. Out of the discoveries which followed and the application of those of Pasteur, it has been claimed the beneficial effects of this man extend not only to human beings, but to animals. If a man is one who loves phil-

osophy he will take satisfaction in studying Pasteur's claim that germs are necessary to...

Today is the hundredth anniversary of Pasteur's birth. In Philadelphia it is being observed by men of science of this country and France. M. Jules Jusserand, French Ambassador, and M. Brunet, special French delegate to the celebration, are to speak, and many others including Dr. Vernon Kellogg of Palo Alto.

The day is being proclaimed as the birthday of the father of medicine and the man whom scientists call their greatest benefactor.

BOTH ARE NEEDED.

Any move which will mean either the completion of the Victory or the Lincoln Highway is to be supported. California needs both highways and it needs one or the other, complete and in fine condition, as soon as possible.

There has been more squabbling over these roads than has been good for the cause. Naturally, cities on the route of one worked for that against the other. Certain men have sought to build the Victory Highway by announcing the Lincoln Highway and there has been bitterness, untruth, and a small spirit in some of the arguments.

These things should not militate against any move to further the interests of a highway from the East to Northern California. Nevada looks to this part of the state, quite properly, to bear its share of the costs for a route which will direct tourists this way. There is a campaign on in San Francisco to raise \$50,000 for the purpose of meeting the Federal aid in Nevada under the provisions of the Philipps bill. If the sum is raised, the Government will do its share, which is \$7½ per cent against the 12½ per cent which Nevada, with aid from home, must furnish.

The Victory and the Lincoln Highways deserve hearty support. The one which is built first will serve best.

A STUDENT EXPERIMENT.

Wesleyan university students have been studying the Volstead Act. The result is a plan for its enforcement in their own circle, and an experiment which other colleges will find interesting.

The students at the Connecticut university confess they are acquainted with the temptations which come to youth to celebrate victories on the diamond or football field. Such occasions, they say, have been responsible for the disappearance of many stores of liquor, for many infractions of the national law. As students who will shortly become voters and, possibly, leaders in various fields of endeavor, they hold they cannot afford to set an example of law violation. In addition, and this is added ingeniously, they cannot afford to take the risk of drinking the kind of liquor that is being offered.

Hereafter a Wesleyan student who dickers with a bootlegger will flirt with expulsion from college. The first offense will meet a prompt punishment but not so severe a one as dismissal. On the second offense suspension is the lightest punishment and permanent expulsion the likely one. The whole program will be carried out by the student body.

Because this move comes from the ranks of the students it is regarded as particularly significant, and college men the country over are according it a close attention.

Oakland has been given a sparkling necklace. This Christmas gift comes out of the community's desire to make the most of its scenic attractions and will grace the borders of Lake Merritt. The effects of the lighting scheme used when the Shriners decorated the shores of the lake smoke for perpetuation and the movement started to erect a string of electric lights, 206 in all. Citizens, to the number of 232, have offered to supply the poles and lights.

Lights will be installed at once. The idea of the city giving itself a Christmas present is one that could be encouraged to good advantage. By another holiday season the chain of lights will be reflecting their brilliance in the waters of the lake and the city will be grateful to those who made the ornament possible. Then, there will be something else which can be done.

For the first time California is a state of a million voters. In the November election there were 907 more than that number cast. The record, of course, denotes the increase in population and the quickening of civic consciousness. If this awakening is made permanent there will be no elections in the future of less than this magnificent million and, before long, there will be recorded the first half of another million.

Intimations given out by the State Highway Commission that work will start at once on 8.9 miles of highway in the Sierra-to-the-Sea route are received with the joy of a Christmas gift by San Joaquin counties. The Parkfield Junction to Coalinga lateral is the one to be constructed and when that is done there will be no more than 30 miles of the route to be completed.

NOAH AN' JONAH

AN' CAP'N JOHN SMITH.

Noah an' Jonah an' Cap'n John Smith, Mariners, travelers, magazines of myth, Settin' up in Heaven, chewin' and a-chawin'. Eatin' their terbacy, talkin' and a-jawin'; Settin' by a crick, sputtin' in the water. Talkin' tall an' tactless, as saints hadn't outer, Lollin' in the shade, baitin' hooks and anglin'. Occasionally friendly, occasionally wiangin'. Noah took his halo from his old bald head. An' swatted of a hopgrass an' knocked it dead. An' he baited of his hook, an' he spoke an' said: "When I was the Skipper of the tight little Ark I useret fish fer porpus, useret fish fer shark. Often I have ketched in a single hour on Monday. Sharks enough to feed the family till Sunday— To feed all the sarpents, the tigers an' donkeys. To feed all the zebras, the insects an' monkeys. To feed all the varmints, bears an' gorillas. To feed all the camels, cats an' armadillers. To give all the pelicans stews for their gizzards. To feed all the owls an' catamounts an' hawks. To feed all the humans, their babies an' their nurses. To feed all the houn' daws and hippopotamuses. To feed all the oxens, feed all the asses. Feed all the lion an' leetle non-perssasses— Always I ketched, in half a hour on Monday. All that the family could gormandize till Sunday." Jonah took his harp to serin and to string her. An' Cap'n John Smith teched his harp.

Cap'n John Smith he hemmed some an' heaved some. An' he lit off a crew, an' he chewed some and chawed some— "When I was to China, when I was to Gumen.

When I was to Java, an' also in Verginney.

I taught all the natives how to be ambidex.

I learned fer my trick of ketchin' 'em—divilish.

I've fitten tigers. I've fitten bears.

I have fitten sarpents an' wolves in their lairs.

I have fit with wild men an' hincoponnes.

But the peribus-est varmints is the bloods octopuses.

I'd rub my forehead with phosphorescent light.

An' plungs into the ocean an' seek 'em out at night!

I ketch d' em in grottoes, I ketch 'em in caves!

I used for to strangle 'em underneath the water!

When they seen the bright light they fit me fer my forehead!

They used fer rash at my screaming, something hot!

Females varie, teeth white an' gnashin'.

Hellarin' an' bellarin' valerin' an' splashin'.

I useret grab 'em as they rushed from their arnts.

Ketch all their legs an' tie 'em into knots!

Noah looked at Jonah, an' said not a word.

But it winks made noises, a wink had been heard.

Jonah took the hook from a mud-eat's muddle.

An' strummed on the strings of his hallelujah fiddle.

Jonah give his whiskers a back-hand wine.

An' cut some plug terbaceous an' crammed it in his pipe!

—Nah an' Jonah an' Cap'n John Smith.

Fisherman an' travelers, narratin' myth.

Settin' 'em in Heaven all eternity.

Fishin' in the shade, contented as could be!

Spacin' out terbaceous in the little shaded creek.

—An' this goes fer bear the ripples speak!

I hope for Heaven, when I think of this—

You folks bound hellward, a lot of fun you'll miss!

Jonah, he decapitates that mud-eat's head.

An' gets his pipe ter drawin'; an' this is what he said:

"Excuse me ef your stories don't

excuse me ef a seidom agate et such."

You think you fisherman? I won't argue none.

I won't even tell ye the half o' what I done!

You has careers dangerous an' checkered!

All I will say is— Go and read my record!

You think ver fisherman? You think ver great!

All I asks is this: Has one of ye been 'bait'?

Cap'n Noah, Cap'n John, I heard when I hollered:

What I asks is this: Has one of ye been swallered?

It's mighty purty fishin' with little books and reels.

It's mighty easy fishin' with little rods and creels.

It's mighty pleasant ketchin' mud-eats fer yer dinners.

But this here is my challenge fer saints an' fer sinners.

Which one of ye has vaged in a varmint's inners?

When I seen a big fu' tough as Methosum.

I used for to dive into his oozy-zoomum!

When I seen the strong fish, wallopin' like a hummick.

I useret toon' em, dive into their stummys!

I could vage an' steer 'em, I could understand 'em.

I useret navigate 'em. I useret land 'em!

WHEN THE BABY CRIES.

There are mysteries profound. Bothering the sages. Problems that have gone around since the early ages.

But one mystery remains. Battling all the wise:

Is it teeth or stomach pains. When the baby cries?

Men have learned some curious things.

Since the world was started, solved the mystery of wings. Stars are weighed and charted. But no man can truly say where the trouble lies.

What it is that's gone astray when the baby cries.

Scientists may delve and probe in their laboratories. They may strip the ancient globe of its hidden glories. But they cannot answer this.

When the calls arise: What it is that's gone amiss when the baby cries.

Men may read the stars aright. Science masters yearly.

Problems once as dark as night.

Wisdom's light shines clearly.

But the gravest, wisest brow

Ever this defies:

What is it she's wanting now when the baby cries.

BANK ROBBER SURRENDERS 15 INJURED IN MOTOR ACCIDENTS AT RICHMOND

Conscience Stricken For Part in Daring Oklahoma Theft. Man Gives Self Up and Would "Take Medicine"

RICHMOND, Dec. 26.—Because his conscience bothered him and he couldn't sleep, William Tecumseh Price, participant in the hold-up on January 20, 1922, of the Bank of Hubert, Cherokee county, Oklahoma, is today in the Richmond city jail. He walked in Saturday night and asked to be locked up, stating his case in detail.

The sheriff of Cherokee county today wired a confirmation and asked that Price be held pending arrival here of officials to take him back for trial. Price said he would waive all his extradition rights and stated further that he desired to "have it over with as soon as possible."

Price, who is part Indian, gave the details of the hold-up. He said he and his brother, Charles E. Price, with another man, whose name he refused to disclose, secured \$2800 in currency and got away in a hall of thievery without injury. He hid the horses, he said, while his brother and the other man robbed the bank.

Shortly after the hold-up, Charles E. Price, one of the hold-up party, and George W. Price, both brothers of the man who gave himself up to the police, were killed in the attempted hold-up of the Eureka Springs bank at Eureka Springs, Ark.

Price declared to the police that he did not mind giving them the name of his brother as one of the accomplices in the Hubert hold-up, now that he is dead, but stated that he would not reveal the name of the third man, who is "somewhere in the east."

Price came here a short time ago from Santa Paula and has been employed at the Pacific Sanitary Works, 329 First street. He came to the police station Saturday night after work, bringing his belongings with him.

"I am wanted for the Bank of Hubert hold-up in Oklahoma," he said. "It's been bothering me, and the quicker I take my medicine and get it over with the better."

The police here locked him up and wired to the authorities in Oklahoma, requesting today from the telegraph office in that state that the sheriff of Cherokee county, who stated there was a reward for Price's arrest.

Price is said to have been employed at Santa Paula as a chauffeur, having come there from Oklahoma shortly after the hold-up of the Hubert bank.

Funeral of Retired Capitalist Held

ALAMEDA, Dec. 25.—Funeral services were held today for Charles William Westall, retired capitalist, who died Saturday following an illness of several months.

Westall, who had resided in Alameda for more than twenty-five years, was a native of England and 54 years of age.

He is survived by a widow, Mrs. Anne C. Westall, two daughters, Doris and Maybell Westall, and two sisters, Mrs. George March and Mrs. Henry Blunt.

Extry! Turkey Is Defeated by Newsboys!

Here are a few of the 300 Oakland "newsies," who yesterday ate their Christmas dinner as the guests of the East Bay Market. Below are some of the city and market officials who sat at the speakers' table. Sitting, left to right: POLICE CAPTAIN CHARLES BOCK; W. F. HOBBS, proprietor of the Hobbs Meat Market, who donated the turkeys for the feast; POLICEMAN E. A. KIMMEL; CHIEF OF POLICE JAMES T. DREW; H. T. BIRR, one of the directors of the market; and COMMISSIONER OF PUBLIC HEALTH AND SAFETY FRANK C. COLBOURN. Standing, MAURY I. DIGGS, manager of the East Bay Market.

300 NEWSIES ARE FEASTED AT MARKET

Manager of East Bay Establishment Provides Great Treat For Men of Tomorrow; Alger Heroes There

The late Horatio Alger would have had the time of his life if he could have dropped into the East Bay Market yesterday. Grouped happily about a series of long tables laden with Christmas dinner he would have found 300 of the boys with whom he used to frequent to fill vacancies in the office of his "friends of juvenile fiction." There were Oakland's entire corps of street sales "newsies," gathered as the Christmas guests of the market management.

Of all ages and sizes, but marked in common by the weather-beaten complexions that come of daily facing either sun or storm on the open street corners, the newsboys marched into the market at Nineteenth and Telegraph in single file to the chorus of "Hail Hall, the gang's all here—what the hell do we care now?"

As each "newsie" entered the door he was handed a plate such as "Reared Dick" used to dream of on society Christmases before Alger let him hold the Wall-street magnate's horse and then marry the Wall-street magnate's daughter. Thick slices of white meat; huge chunks of rich-seasoned dressing; heaps of white mashed potatoes; great candied yams looking like huge yellow cucumbers; quivering masses of cranberry sauce; and over all of it, and in between, and everywhere, real turkey gravy.

300 NEWSIES FEAST.

Silence settled down over the great hall in which the 300 newsboys sat at their long gaily decorated tables—silence except for the earnest clatter of cutlery against crockery. Then it became evident why so many of Alger's heroes had grown up to be great presidents—it was because of the newsboy's ability to devote his entire attention to one thing at a time and to do his work thoroughly. Presently the 300 plates were as clean as when they were first taken from their excelsior packings.

But the East Bay Market management knows how to do a job thoroughly, too. Upon each empty plate whose owner wished it, was placed a huge slice of baked ham. Besides each plate were all the fixings touches of a Christmas dinner—nuts and raisins, cookies, cheese and cracklings. Then the nice pie. It was a finish fight, and then came, given not in words but in silents but expressive signals of defeat, by the newsboys and not by

the management.

No, only the newsboys partook of the market's hospitality, but there were also present a group of men whose greatest boast yesterday was "I they were 'friends of the newsboys.' These included Frank C. Colbourn, commissioner of public health and safety; James T. Drew, chief of police; Charles E. A. Kimmel, police captain; C. B. Shafer, one of the merchants of the market, who distributed a present to every one of the boys; and Commissioner Edwards, who is "studying the matter."

Director Short says she doubts that she will vote for setting any date. Director J. F. Chandler says he is not prepared to say. Neither is Director Hatch, Superintendent of Schools Fred M. Hunter, who says he is subordinate to whatever the board desires, uttered the opinion when asked recently that a bond issue of around \$8,500,000.

Discussion of the amount of the bond issue, it is promised, will be the first order of business tonight.

EVERY GUEST GETS PRESENT

Diggs, in a brief address of welcome, told the boys that it had been a great pleasure to have them as the guests of the market, and that next year the market would give them a Christmas dinner that would "beat this one a mile."

The dinner and the speeches were followed by the sudden appearance of Santa Claus, in the person of C. B. Shafer, one of the merchants of the market, who distributed a present to every one of the boys.

Music for the dinner was furnished by the Curtis orchestra. Several vocal selections were also given by the "newsboy" trio.

'BRICK MULLER GETS PLACE ON WALTER CAMP'S ELEVEN

JOHNNY McGRAW MAY RETIRE FROM ACTIVE MANAGEMENT OF THE NEW YORK NATIONALS

'DUKE' MORRISON GETS POSITION ON SECOND ALL-STAR SELECTION

One Man Each From Eleven Colleges Honored by Getting Place on Walter Camp's All-American Eleven

NEW YORK, Dec. 26.—One man each from the Navy, Princeton, Lafayette, the Army, Harvard, Pennsylvania, California, Iowa, Cornell, Michigan and Chicago, appears in the lineup of Walter Camp's all-American team made public in the current issue of *Collier's*.

For the first time in many years no college can muster more than one man in the first team selections and of the entire list, covering three teams, only the Navy, Princeton, the Army, Harvard, California, Iowa, Michigan and Yale can boast of two or more players named. Michigan leads the way in this respect with three places, one for each team. After commenting on his selections as embodying the coordination of mentality, power and spirit, Mr. Camp goes on to say, in part:

"Practically every man in the back field is a threat, not of one kind and attack, but of three, while in the line we have ends who can block, tackles, tackles who can get the jump on their guards and then close on the secondary; guards who can open holes, can take part in further interference, and a center accurate and steady in his passing and still instantly useful after his pass is made."

He also expounds at strength upon the ability of the team on defense and the possibilities it would afford as an exponent of the overhead game. He pays a notable tribute to the ability of Eddie Kaw, of Cornell, when he refers to him as "the greatest all-around backfield man in the country."

Walter Schmidt made his debut in the TRIBUNE league Sunday and pitched a great game of ball for the Durant Motors against the Chevrolets. Schmidt allowed but three hits and whiffed twelve batters.

The Del Monte Cafe club who lead the American division of the A league are playing a great brand of ball and should be in the fight for the balance of the season. Otto Enneberger won the assistance of Joe Devine and Howard Gregory has a fine flock of ball tossers. The boys fight all the time and no matter how big a lead they hold over the opposition they always try for more runs.

Taylor Dorrit, who played his first game of the season with the Del Montes, is a dandy in the field and with the stick. Manager Enneberger will use him in center field for the rest of the season.

The Rainbow Barbers won another game from the Key System Mechanics. These two clubs were booked to play at Alberer field, but the Key System lads failed to have a full nine so the leaders in the California division of the junior club won the game on a forfeit.

Manager Spoor of the Pacific Supply club in the Pacific division of the B league has a good pitcher in Anderson. He allowed three hits to the West Brats club.

Nesbit and Huber, infielders for the Pacific Supply club each got three hits.

Harry Miller, last season a class A umpire, is doing good work in the B league. Harry is a busy man on Sundays, but has been helping the B boys in the morning.

The West Berkeley Merchants moved to the patch nearer the ponants when they slipped the Oakland W. O. W. boys a beating in a six-inning game.

Bill Duke, guardian of the difficult corner for the Durant Motors, is having another good year.

Thistles Take Five-a-Side Soccer Honors

The Thistles romped off with the five-a-side honors of the San Francisco football league at Tobin field, San Francisco yesterday when they defeated the Burns in the final game. The Club and University league also staged a five-a-side competition which was won by the Burns club. The results:

San Francisco Football League—First round: Burns (3 goals, 1 corner) vs. Vamps (2 corners); Thistles (3 goals, 2 corners) vs. Tanks (1 corner).

Second round—Burns (3 goals, 1 corner) vs. Thistles (2 goals, 1 corner); Thistles (2 goals) vs. Burns (1 corner).

University and Club League—First round: Olympic club (3 goals, 1 corner) vs. Union Sperata (1 corner); Vikings (1 goal) vs. Barbs (2 corners).

Second round—Olympic club (4 goals, 1 corner) vs. Melita (0); Virtus (1 goal, 1 corner) vs. Vikings (1 corner).

Dinats—Virtus (1 goal, 1 corner) vs. Olympic club (1 goal).

Pitt Team Is Here for Game With Cardinal

Eastern Team Confident of Victory, But Looks For Hard Contest.

The Pitt Panthers, thirty-four strong, arrived in San Francisco yesterday and left this morning for Stanford where they will tackle Andy Kerr's Cardinal gridiron team next Saturday in what both Kerr and Coach "Pop" Warner of Pittsburgh claim will be one of the greatest East vs. West games ever played.

In spite of the friendly feeling between the coaches of both colleges, the players of the Pitt team are here determined to show the people of California that they are better than at least one California team. However, the visitors are not counting on having an easy time with Kerr's athletes and they do not think that the game will develop into a mechanical one because the two teams are coached in the same style of play.

On the Pitt team assistant coach at Stanford, Football Manager J. Howell Smith, acting for Bill Fletcher, W. M. Scanlon, a transbay Pittsburgh alumnus, and Joseph R. Hickey of the Stanford club, were among those to meet the Panthers at the depot.

The Pitt Panther party consisted of:

Carl H. Sauer, Richard Simpson, John Clark, Charles Bowers, John B. Sack, Culver, Gourley, Frank Williams, J. C. Winterburn, W. H. Flanagan, John C. Anderson, Orville Hewitt, Lloyd Jordan, Noble Frank, John Miller, William Ashbaugh, Ulrich Hargarten, Harry Seidelson, Milo Gossden, Nicholas Stuler, Karl Boren, J. Evans, Nicholas Colonna, Thomas Colletta, Marsh J. Thomas, Murdoch. Besides Coach Warner, the party includes Assistant Coach Floyd Rose, Director of Athletics C. S. Miller, Trainer Olin de Victor, Football Manager George Carson, Graduate Manager K. E. Davis, Ralph Davis of the Pittsburgh Press and Regis M. Welsh of the Pittsburgh Post. Team Physician J. H. Wagner will arrive tomorrow from Portland.

Pomona Loses Gridiron Game To Hawaii 'U'

California Team Is Handicapped by Hot Sun; Daggs Stars.

HONOLULU, Dec. 26.—University of Hawaii won its first victory at football over a mainland team when it defeated the Pomona college eleven from Southern California 23 to 6 here yesterday.

The game was played under a burning sun, and the excessive heat apparently affected the Pomona lads.

The Hawaiians, however, outclassed the visitors in all respects. The Islanders relied mainly on straight football, with occasional forward passes. Pomona was helpless against Hawaii's line, which broke through repeatedly, smothering Pomona plays almost before they were started.

Pomona's only touchdown was a feature of the contest. Daggs picking up a ball fumbled by Wiss 55 yards for the score. Pomona failed to make its extra point. This was in the second period.

In the first period Hawaii carried the ball on varied attacks from the kickoff to Pomona's five-yard line, where Pomona held the home team for downs. Clark punted outside on the 20-yard line, Hawaii then ploughed through the line until it made its first touchdown, eight minutes after the kickoff.

During the third period Hawaii blocked one of Pomona's punts and Morris fell on the ball for another Hawaiian touchdown. Later Hawaii obtained the ball in midfield when Pomona tumbled a punt rushed to a touchdown, mostly on his plunges. In the fourth period Baisden of Hawaii, receiving a forward pass, ran 40 yards for a touchdown.

Hawaii scored only one extra point after a touchdown.

Daggs, Wilson, Doughty, Clark, Leeser, Kennedy and Bayhams all did noteworthy work for Pomona.

UTAH AGGIES DEFEATED. PHOENIX, Ariz., Dec. 26.—The University of Arizona football team defeated the Utah Aggies yesterday, 7 to 6.

Giant Leader May Retire as Bench Manager

Rumor Has It That 'Muggsy' Is Slated For Prexy Job.

NEW YORK, Dec. 25.—The coming year in baseball may see the passing from active managerial work of one of the game's greatest figures—John J. McGraw.

Reports that could not be confirmed were current in eastern baseball circles today that the man who piloted the Giants to eight pennants and three world championships is about to become their president, upon resignation of Charles A. Stoneham.

Stoneham, chief stockholder of the New York Nationals, has decided to quit as active head of the club in the near future, it is said, and McGraw is slated to step into his shoes.

Undoubtedly McGraw will carry through the coming season. It would be almost a hopeless task to start the world's champions off in the 1923 pennant chase with anyone else at the helm. That will give McGraw a season in which to choose and develop his successor.

"So far as I know there is nothing to the story that I am to succeed Stoneham," McGraw said today. "The story certainly didn't originate with me."

New York would feel most severely the loss of John McGraw from bench and playing field. In twenty seasons since 1903, the Giants have been first eight times, second eight times, third once, fourth twice and once in the cellar.

DIVISION OF DEBT OF ALLIES URGED BY OTTO KAHN

Portion Loaned After Armistice Would Be Funded First.

BY ASSOCIATED PRESS.

LEASED WIRE TO TRIBUNE.

WASHINGTON, Dec. 26.—Otto Kahn, in a letter to Senator Reed Smoot of Utah, member of the debt refunding commission, has outlined a plan to help him believe America can cooperatively aid toward returning the European situation and at the same time help the financial condition of the country which seems opposed to the cancellation of the allied indebtedness in the United States.

Kahn expressed himself as being strong in favor of the policy of the U.S. at least a portion of the indebtedness of the allied nations.

"I am convinced that it would be to our ultimate advantage to do so," he wrote. "I feel sure that such action would turn out a good investment."

"But if public opinion and Congress will not at present consent to the relinquishing of our part of a portion of the allied debt," the letter continued, "then the only alternative he is understood to suggest only in return for and simultaneously with measures on the part of the European nations to bring about that change of moral and moral attitude and actual conditions which is indispensable if the world again is to be on an even keel—then my suggestion would be the following:

DIVISION OF DEBTS.

"Of the two and three-quarter billion dollars, or thereabouts, which our government loaned to the allied nations after the armistice, that portion at least, was not applied to the service of debts incurred here, or is offset by valid security claims, is distinguishable from the balance of the allied debt to us. It should be promptly put in the way of repayment with a reasonable rate of interest. For instance, America might stipulate interest at the rate of 3 per cent or 3 1/2 per cent, and an annual sinking fund of 1 per cent, beginning after say five years. The refunding commission ought to be empowered, according to its judgment, to postpone the beginning of interest payment likewise for five years."

"As to the remaining seven and a half years, or thereabouts, of the debts, there should be no attempt to apply the same formula to every country. The refunding commission should go thoroughly into the economic, financial and general situation of all countries concerned and make a fair and final settlement, subject to the approval of Congress.

LOW INTEREST URGED.

"Even upon America's financially most potent debtor, Great Britain, she should not impose the exceedingly heavy burden of paying 4 1/2 per cent interest from the start and redeeming the principal within 25 years."

"In this case, as in others, an illustration of that country, as an illustration that there be paid an annual sinking fund of three-quarters of one per cent. Such a sinking fund, if invested at the rate of four per cent, would extinguish the debt in 47 years. In addition to the sinking fund of three-quarters of one per cent interest should be charged on the debt at the rate of, say, two per cent for the first period of eight years, 2 1/2 per cent for second, 3 per cent for the third, 3 1/2 per cent for the fourth, 4 per cent for the fifth, and 4 1/2 per cent for the final seven years."

"A similar formula might be applied in the case of France, making the sinking fund one-half of one per cent only, which, if invested at the rate of 4 per cent, would extinguish the debt in fifty-six years and charge a purely nominal rate of interest, or perhaps, no interest at all, for the first eight-year period.

"The question of the feasibility, acceptability and extent of this formula, which, it is thought, should also be within the purview of the commission's investigations and recommendations."

SUGAR REGISTERS TEN-CENT DROP TO \$7.40 LEVEL

Turkey Market, Both Whole-
sale and Retail, Cleared
Up of All Birds.

The California and Hawaiian
Sugar Refining Corporation today
announced a drop in the price of
cane sugar from \$7.50 to \$7.40 a
hundred pounds.

The turkey market, both whole-
sale and retail, as far as the East-
bay is concerned, was pretty well
cleared up for Christmas. There
were few fresh birds in any of
the retail markets after 4 o'clock
Saturday. With the exception of
one or two of the largest markets,
everything was cleared out at that
hour and it was chick, duck or
goose for late comers who had
planned poultry feasts for the
Christmas dinner. Notwithstanding
the unprecedented sales, turkeys
the market price from the
selling standpoint are not as
satisfactory as a year ago. Prices
were low and there was the con-
stant threat of a big influx of birds
from Mexico, which served until
almost the last moment to operate
for the benefit of the consumer
and keep prices down.

Grapes are striking in the
market unusually late this season.
There is quite a bunch of Vari-
eties from the Santa Cruz moun-
tain region offered today with
good demand. Late Tokays and
Eimers are still offered in fair
quantities as well as a few Mus-
cats.

Franklin A. Bell, advertising
manager of the Sun-Mane Fresh
Grocers, of Fresno, Cal., de-
clares that the entire grape crop will
be sold out in the market this
year owing to the fact that retail-
ers who have not yet stocked up
for a year in advance have already
bought half of the yield.

OLD CRUISER IOWA WILL BE TARGET IN FEB. MANEUVERS

Maneuver Schedule Is Made
Public; Greatest U. S.
Fleet Test Yet.

WASHINGTON, Dec. 26.—The newly constituted United States fleet, consisting of both the Far East and Atlantic naval forces, will maneuver at Panama, February 19, for winter maneuvers and great gun practice against the old battleship Iowa, which will be radio-controlled during the firing. In making public today the maneuver schedule Secretary Denby also announced the assignment of ships under the new consolidated fleet plan.

The battle fleet commanded by Admiral Eberle, whose flag will fly from the U. S. S. California, will sail from Pacific Coast ports February 3 for Panama, while the scouting fleet and train will leave east coast ports on January 3 for Guantanamo bay to join the battle fleet at Panama. Vice Admiral McDonald, aboard the U. S. S. Wyoming, will command.

Admiral Jones, commander-in-chief of the fleet, with his flag ship, the Maryland, and the battleships Arkansas and Florida, will leave the Atlantic coast after the scouting fleet to participate in the maneuvers, which will continue until March 21.

As now assigned the battleship division of the battle fleet will be commanded by Vice Admiral Shomaker, aboard the New Mexico, the New Mexico, Idaho and Tennessee forming the Pacific division and the New York, Texas and Oklahoma the third division.

Star admiral Barrage, aboard the old cruiser Charleston, as flagship will command the destroyer squadrons of the battle fleet which for the maneuvers will employ two squadrons of 10 destroyers each, the white battle division as squadrons 11 and 12. In addition the battle fleet includes eight cruisers, subminers and aircraft destroyers, none of which are now in commission.

Battleship division one is assigned to the scouting fleet and includes the Utah, North Dakota and Delaware with the Florida and Arkansas to join later. With the scouting fleet will be destroyed squadron 3, consisting of nineteen destroyers and the flagship Rochester.

The U. S. S. Wyoming is assigned as flagship and she will be the craft scouting, scouting fleet, Captain L. B. Chittenden commanding. The ship will leave for the rendezvous January 3, sailing via Key West. The airship components will be seventeen scouting planes and eighteen torpedo planes.

Star admiral L. R. DeStiguer, aboard the U. S. S. Wyoming, will command the train, including repair, hospital, fuel and other auxiliary ships, while Star admiral J. V. Chase will command the fleet base force, including mine layers, sweepers and similar vessels, with flag flying on the U. S. S. Tracy.

Planama Canal Slide Traffic Continues

PANAMA, Dec. 25.—A slide in the Panama Canal occurred Friday morning. Meanwhile, traffic through the waterway will not be hampered

DANCE MUSIC EXPERTS RETURN TO AIR WAVES

Child's Orchestra Will Be Heard Tonight On Tribune Radio.

Child's Orchestra, well known to the radio audience during the days of the Rockridge broadcasting station, will be back in the air this evening from Radio KLX. The TRIBUNE'S station. The program will be sent out between 8 and 9 o'clock.

This orchestra, which is of eight pieces, is also well known for its dance music. It is composed of E. Childs, director; F. L. Leaver, drums; C. Tecklingbury, banjo; E. Erbenfort, banjo; E. Heaney, cornet; N. Hoffman, saxophone; E. Coffee, violin, and G. Hewster, piano.

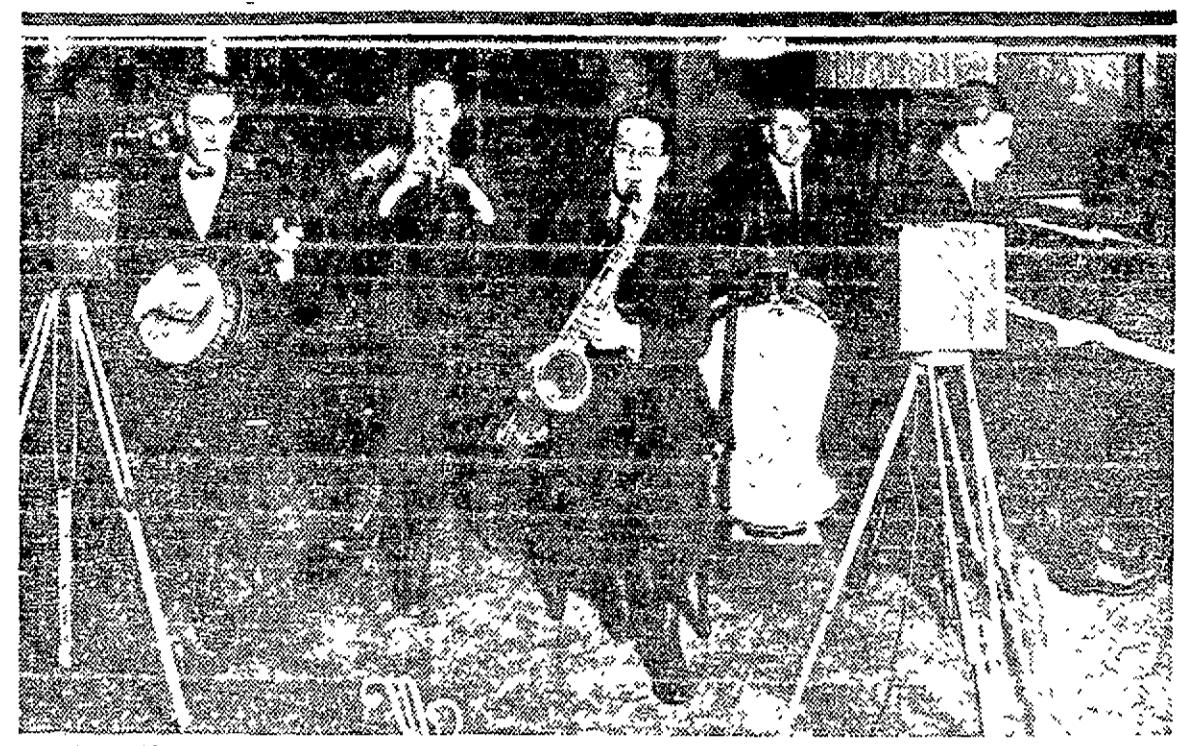

The complete program for this evening will be found under the KLX schedule.

Arrangements are being made for the inauguration of the new broadcasting schedule on January 15. Beginning on that date, The TRIBUNE will broadcast on Tuesday evenings from 8 to 9 o'clock; and from 9 until 10 o'clock on Friday evenings. The regular 7 to 7.30 schedule will be continued with an additional hour daily between 3:30 and 4:30, and the regular 10 to 11 broadcast on Sunday mornings.

JAIL THREAT FOR
COUNSEL MARKS
BURGLARY TRIAL

Judge Samuels and Attorney Ewell in Clash in Court.

Further clashes between Attorney Ewell and Superior Judge George E. Samuels today enlivened the trial of Thomas Walsh and John F. Dorney, charged with burglary.

Ewell opened today's session of the trial with another attempt to disqualify Mrs. Grace Coker, 3211 California street, Berkeley, as a juror, offering to waive the rights of the defendants to trial by twelve jurors and continue the trial with a jury of sixteen persons.

Judge Samuels informed Ewell that no persons could waive a constitutional right but that Ewell might, if he desired, question the juror concerning her previous charges that the attorney had been signalling to a witness who was under cross-examination.

STATEMENT OF JUROR.

Mrs. Coker was subjected to several questions by Ewell. She said that when John Basil, brother-in-law of the defendant Walsh, was testifying last Thursday, she finally saw Ewell nod his head toward the witness on several occasions. It finally became so pronounced, she said, that she believed it her duty to call the matter to the attention of the court.

After she had told of the incident, Judge Samuels again offered to strike the entire juror from the record on the motion of Ewell, who again declined to make the motion. He was then ordered to proceed with the trial.

CLASH WITH COURT.

On the same charge of the day came with Louis Glanovich, whose restaurant was raided and for which burglary the defendants are on trial, was recalled to the stand and questioned concerning certain statements he wrote out showing the cost of the robbery, including loss of time, repairs to a window and other items. Ewell asked him the same question concerning the documents and Judge Samuels sustained the objections. Ewell then offered the documents in evidence and on the objection of Assistant District Attorney Shay they were ruled out.

At that point Ewell shouted: "Your honor, they were admitted at the last trial before Judge Church and on mighty good rules of law, too."

THREAT OF PRISON.

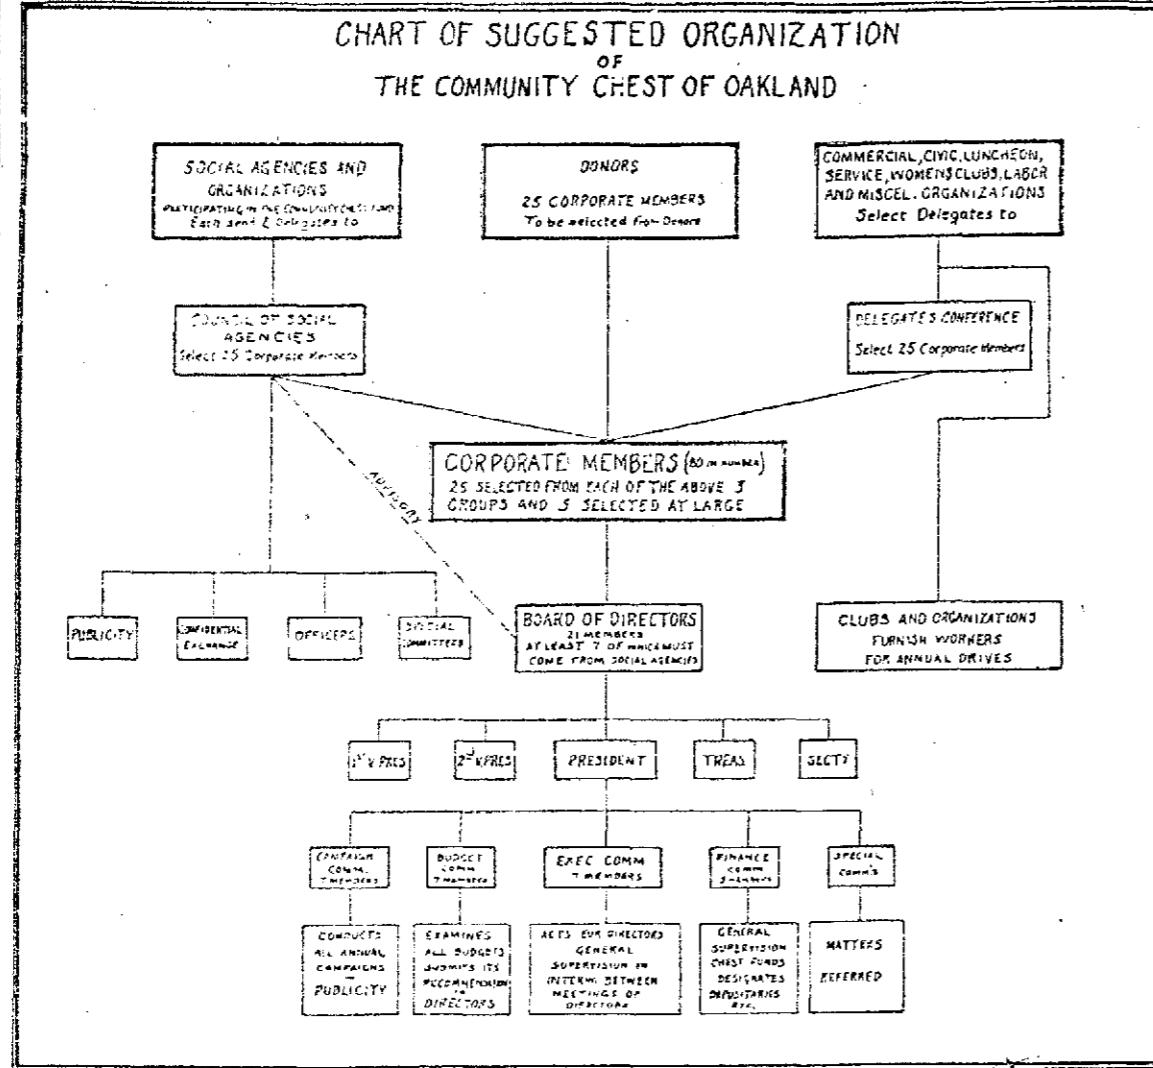

"Mr. Ewell," said Judge Samuels, "I have run out of the time on my stock of patience with you. This court is running this trial and is prepared to stand by its own decision. But it does not propose to take any more insults from you. I will again warn you that you will go to jail if you talk to me like that once more."

Ewell apologized to the court, disclaiming any intent to be rude, and the incident passed.

A moment later Ewell and Shay clashed when Ewell attempted to have stricken from the record a statement by Glanovich that Mrs. Dorney, mother of one of the defendants, had come to him and in attempt to "square the case" had admitted her son's guilt. Ewell failed to have the testimony stricken out.

Mrs. Julia Nudo, 1817 Arbor street, Alameda, completed her testimony just before the noon hour. She said that during the last trial in a conversation with Glanovich he had told her that police detectives had urged him to demand \$500 from relatives of the defendants or to send them to jail.

Row 11 Years Ago,
Back With Family

PHILADELPHIA, Dec. 26.—

Frederick Livingstone, who left home in London, Nov. 11, eleven years ago after a quarrel with his father over the course he should take in college, was found here yesterday in the house of correction and planned to leave today to spend New Year's with his father. After being arrested for begging on the street and sentenced to three months' imprisonment, he told an agent of the prison before his execution the story of his wanderings and said that he had concealed his identity because he did not wish to "disgrace my family."

The agent notified Livingstone's father, a Lincoln contractor, who sent another son, M. E. Livingstone, of Rock Island, Ill., to this city to get the "lost boy." After re-arrangement Livingstone was turned over to his brother who said he would take him to his home for a few days' rest so that he could "stand the welcome home" party that awaits him in Lincoln.

"I was forced to the grade of a pauper," said Frederick Livingstone.

Dismissal Filed
In Will Contest

A dismissal was filed today of the contest to the will of Annie E. Politz, on behalf of Mrs. Mary E. F. Shaw, a daughter. The estate is valued at \$16,000 and includes much real property in the city.

1911 Mrs. Shaw, who lives in Newcastle, Penn., alleged that her mother was of unsound mind. The mother left her property to her husband, John Politz, who has since died.

The letters of administration issued today were to the public administrator. The dismissal of the case was filed by the firm of Donohue, Hynes and Hamlin.

ACCUSED BY FORMER WIFE.

ALAMEDA, Dec. 26.—P. C. Hubbard, 45, San Francisco, was arraigned today before Judge Weinmann on a charge of failure to provide for a minor child. The charge was preferred by his former wife, Mrs. A. Sparrow, 1529 Stanton street. Preliminary hearing was set for next Thursday morning. Bail was set at \$1000.

John L. Limas, today reported to the police that he was beaten and robbed by a bandit who stopped him at Eighth and Campbell street. The hold-up man took \$65 and a gold watch.

in an advisory capacity to the board of directors of the Community Chest.

Further provision is made for the clubs and organizations participating in the Community Chest to furnish workers for all annual drives.

ALL CHARITIES
TO BE COMBINED
IN CORPORATIONCommunity Chest to Take
Over Entire Work of
Raising Funds.

The Community Chest of Oakland is to be organized as a non-profit-making corporation under the state laws, whose corporate members will be drawn from social agencies, commercial organizations and the general public, and whose activities will be governed by a board of twenty-one directors, according to plans announced today.

By means of this organization the Community Chest will undertake the entire work of raising funds for all charitable and social agencies leaving the latter free to devote their energies completely to the work for which they were formed, it is declared.

As a corporation, the Community Chest will consist of eighty members, according to present plans. Twenty-five of these will be selected from among the delegates of the various social agencies and organizations in the city, each of which will be entitled to send two delegates to the "Council of Social Agencies." This council will then select the twenty-five corporate members who will represent the social agencies.

Another 25 of the corporate members will be chosen from among the personnel of the various commercial, civic, luncheon, service and women's clubs of the city. Each of these will send delegates to the "Delegates Conference," which will select the 25 representatives for the corporate membership.

A third group of 25 corporate members will be chosen from among the donors to the Community Chest. By donors it is explained, is meant those who respond with contributions to the "drives" to be conducted annually to raise the money needed for all the charitable and welfare work in Oakland.

The remaining five of the 80 corporate members will be selected from the public at large. These 80 corporate members will then elect 21 of their number to the board of directors of the Community Chest, and these will compose the governing body of the organization. According to present plans, at least seven of these must come from the representatives of the social agencies.

Subsidiary to the board of directors will be four standing committees, which will carry on the executive and staff work of the organization. These will include the campaign, budget, finance and executive committees. Special committees will be provided for from time to time.

Acting from the Council of Social Agencies also will be special committees together with a "confidential exchange." The Council of Social Agencies also will act

YEGGS IN DARING
"JOB" DISCOVER
SAFE IS EMPTY

Police Seek Cracksmen, Believed Experts, Who Entered Ransom Store.

Yeggs who last night "cracked" the safe of the Arthur Ransom Company, 1311 Washington street, in one of the most daring exploits in recent local criminal annals, found the safe empty.

The turning of the joke upon the "cracksmen," who are believed by the police today to be among the cleverest in their profession, was due to the foresight of Arthur Ransom, proprietor of the establishment. Following several robberies of stores in the immediate neighborhood, Ransom became convinced some time ago that an attempt against his place could be made sooner or later, and since that time has followed the practice of removing all the money from the safe every night, and placing it in a safe-deposit vault in a local bank.

Indications found about the place today showed that the safe-crackers had entered the store from the rear, having approached the premises from Clay street, and through the rear of other establishments. They forced their entrance by "jimmying" a rear window of the Ransom store.

With heavy drills of one of the most effective types known to "cracksmen," they cut away the thick steel door of the office safe, in the vicinity of the lock and swung it open.

Then they received their surprise. There was not a cent of money or a scrap of valuable paper in the safe.

"They got absolutely nothing," Ransom said today.

The attempted robbery was not discovered until this morning, when the store was opened as usual for business.

The police were notified immediately and a search was started at once for the safe-crackers. According to the police, the methods used indicate that the "cracksmen" were experienced and daring. A search of police records is being made in the hope of identifying the yeggmen by their manner of working in previous safe-cracking exploits.

BEATEN AND ROBBED.

John Limas today reported to the police that he was beaten and robbed by a bandit who stopped him at Eighth and Campbell street. The hold-up man took \$65 and a gold watch.

Shasta Climbers Make
Final Plans for Trip

Final plans are being made by Charles Warner and Leonard H. Haecker, mountain climbers, for their expedition on New Year's day to the summit of Mount Shasta, under the auspices of The TRIBE, UNED, and the two men will be followed with interest from the time they leave Sisson until word is received regarding the outcome of the attempt.

Special equipment for the trip has arrived from Seattle and from the Mazamas of Portland. The latter organization is composed of climbers who have climbed at least one glacial mountain.

Friday morning The TRIBE party will leave Sisson on snowshoes or skis. Packs will be carried by horses as far as the snow permits, and then be shifted to the shoulders of the two men for the remaining four or five miles to Shasta Alpine Lodge at 8000 feet elevation.

December 30 and 31 will be spent in reconnoitering and planning the ascent. It is planned to begin the ascent at about midnight of New Year's eve, reaching the summit before noon.

"FRISCO" ROAD HEAD DEAD.

ST. LOUIS, Dec. 26.—Alexander Hilton, vice president of the St. Louis, San Francisco railroad, who had been suffering from a nervous breakdown, died at the Frisco hospital here last night.

The One Way

To See the Beauties of the West Which no Other Land Can Duplicate

Now you find a purple mountain capped with whitest snow. In another moment you catch a vista of blue rollers stretching away as far as the eye can see.

You swing into a rocky gorge with precipitous cliffs rising on one side and a rushing mountain brook on the other.

A tunnel cuts off your view for a moment and then before you lies a rolling valley growing choicest delicacies for the whole world to enjoy.

Such is a day aboard Southern Pacific trains. Each moment provides its beauties.

See All

And Southern Pacific service provides the one way to see, easily and comfortably, all that the Pacific Coast is so famous for.

Club, observation and dining cars are available on many trains.

The schedules meet your convenience. There are trains to take you where you want to go when you want to go.

Southern Pacific service is courteous, willing and efficient. Southern Pacific men are proud of it and strive always to make it meet your requirements.
